

EEE.9-1.4 Electric Drives

- 1st Module:** Basic principles of Physics
- 2nd Module:** Electromechanical energy conversion
- 3rd Module:** Fundamental principles of motor control systems
- 4th Module:** Direct current motors
- 5th Module:** Control techniques of direct current methods
- 6th Module:** Alternative current motors
- 7th Module:** Control techniques of alternative current motors
- 8th Module:** Dynamic analysis of electrical machines
